

# YOUR QUICK GUIDE

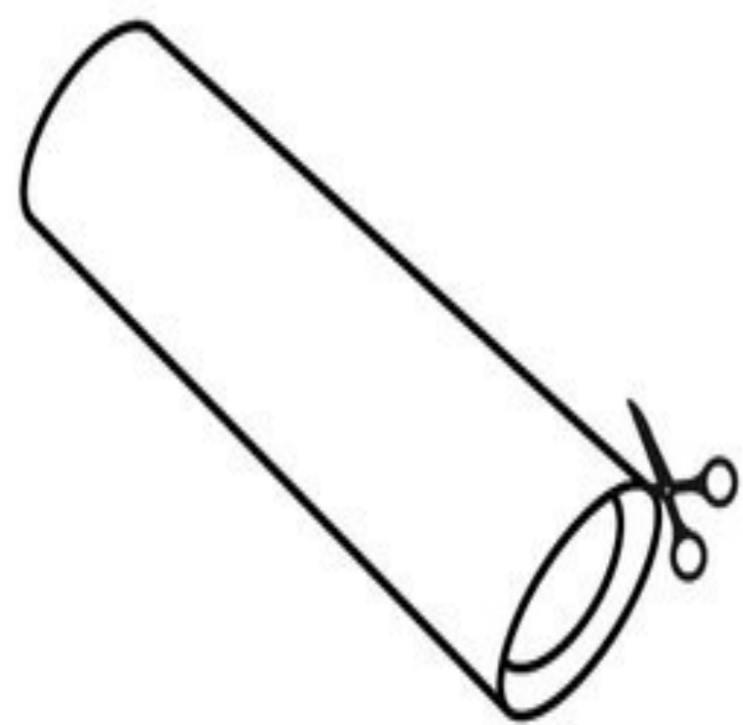

## To unwrapping your new mattress

1,

Place the mattress into the room of choice,

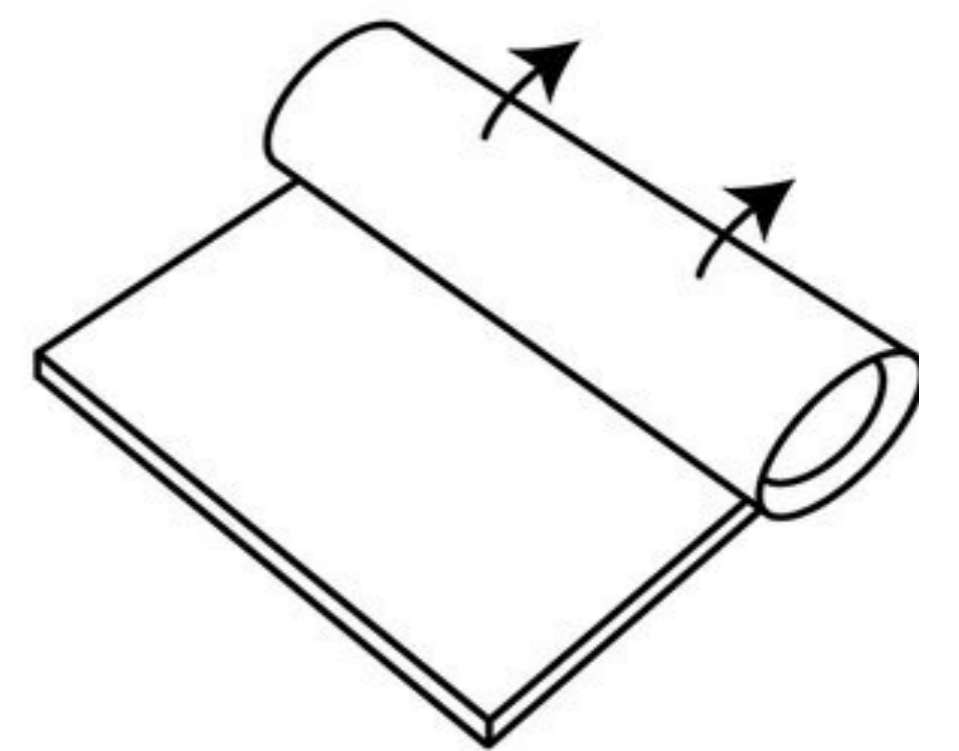

2,

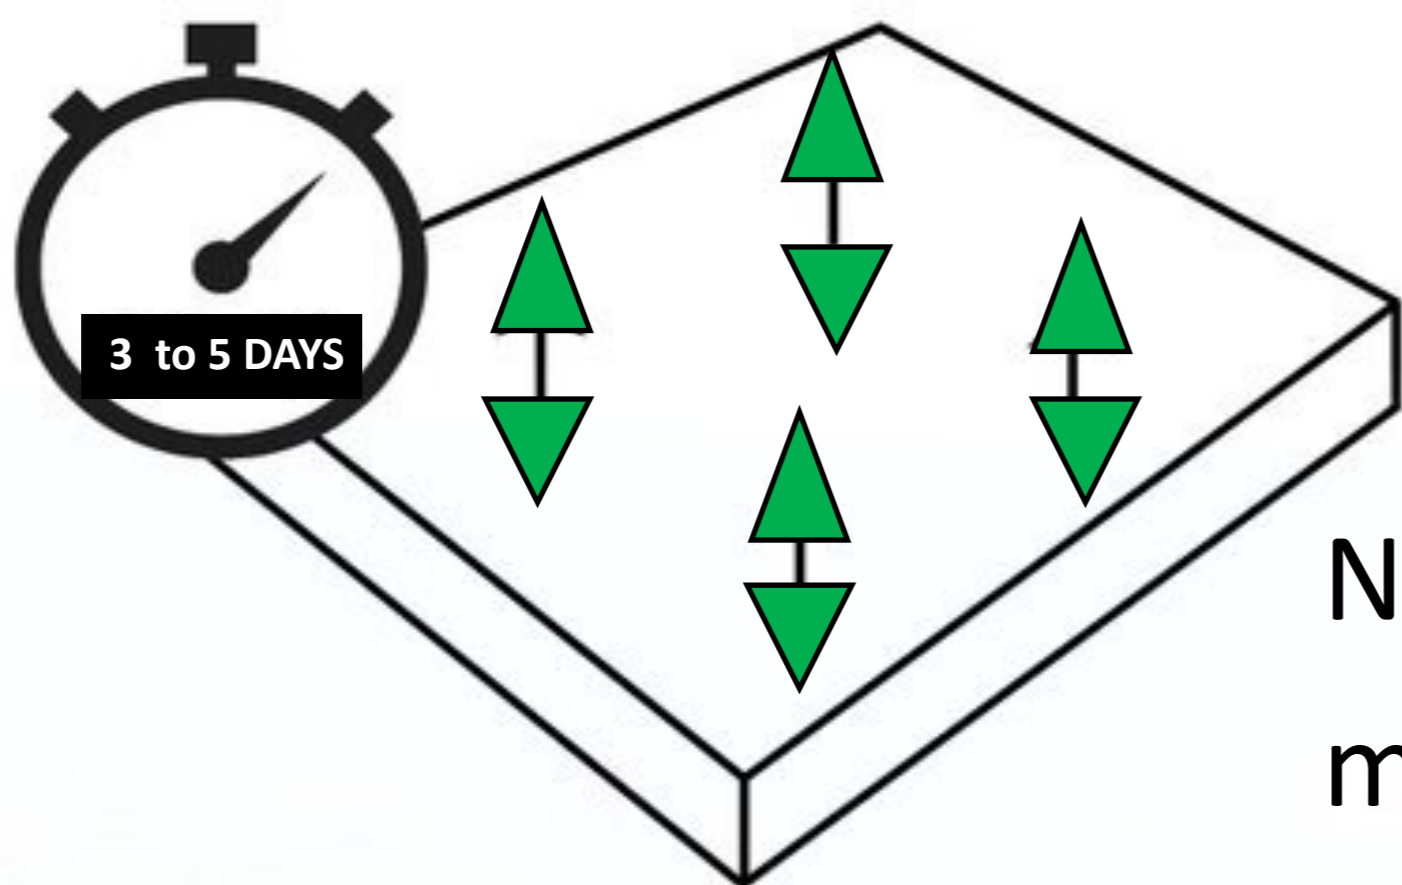

Remove any outer packaging and carefully let the rolled mattress expand. **Carefully use scissors, only if**

3,

Carefully lay the mattress flat down in place and remove any other packaging. **Carefully use scissors, only if needed.**

4,

Now let your mattress air and re-inflate, the more time you give the mattress to reshape the better.

5,

**Now go to sleep! The mattress can be used straight away but the longer you leave it the better. Enjoy.**
